FLAG CLUB

We intend to provide a place for students to explore creativity and art through the use of flags and dance. We also intend to provide a place where people can freely express their creative selves. We would also like to promote culture and art through the creative movement.

2010 Spring Semester Goal(s)

1. To increase membership by at least 2 members.
2. To develop skills of all members in order to obtain unity within the group.
3. To perform at least twice this semester.
