GLOBAL BRIGADES CLUB

We intend to provide a way and opportunity for students to explore poverty reduction methods and to receive first-hand experience concerning matters of poverty reduction. We also intend to assist in building the school’s image. We intend to participate in events and encourage students to think about poverty reduction and to promote school spirit in the campus and the surrounding community.

2010 Spring Semester Goal(s)

1. To provide first-hand experience for club members, and teach about poverty situations/our experience to people through fundraising.
2. To carry out community presentation.
3. To make $850 as a club by on-campus fundraising, and make $500 as individuals by off-campus fundraising.
