We, as members of Humanism in Action Club, seek to establish solidarity of people who can create a new era for humanity based on respect for the inviolable sanctity of life. We are committed to contribute and make a difference to the society and the world through our active involvement in community services.

2010 Spring Semester Goals

1. To put together at least a 10 person team for the Ronald McDonald House's, "Walk for Kids", on April 11th. Also, we would like to fundraise at least $30 dollars per participant.

2. To have each member to have achieved 12 hours of volunteering by the end of the semester.

3. To maintain our current level of member participation and prepare for next year's succession.

4. To continue our current relationships with off-campus organizations (i.e. Ronald McDonald House, Pretend City Children's Museum, Salvation Army, and Boys and Girls Club)
