

MEDICAL PATH CLUB

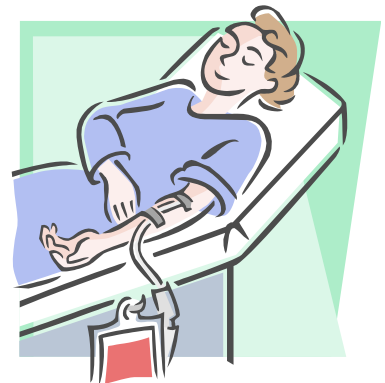

We aspire to be outstanding individuals who share a common commitment of helping others through medicine. We are dedicated to making a difference in Soka University of America, as well as the community. We also intend to provide training toward the certification in First Aid; to provide opportunities to serve the community; to develop a sense of self-efficacy and train students to respond quickly to a medical emergency situation; and to offer opportunities to learn about the field of health and medicine.

**American
Red Cross**

2010 Spring Semester Goal(s)

- 1.** To increase donations at blood drive by 5% in the spring semester to help save more lives.
- 2.** To learn more about community health by visiting Laguna Beach Community Clinic or UCI Medical Center.
- 3.** To raise awareness of health issues or help advertise health related events on the SUA campus.
