SOKATE CLUB

We intend to provide skating skills and to improve as the year progresses. We would also like to assist with learning new skating techniques and skills. We intend to promote self expression and a new perspective through skating on ice.

2010 Spring Semester Goal(s)

1. To install a rink in one of the Racquetball Court rooms by the end of fall semester of 2010/2011.
2. To examine student interest at SUA with regard to skating and to work on getting the permission to install the rink.
3. To create a budget for the club and rink by the end of this semester.
