

SUALSEROS DANCE CLUB

The mission of Sualseros is to share our love of life, passion, and dance through every performance. Without uttering a word, we aim to stir deep emotions within our audience. We not only wish to inspire people with our performances, but to move them to jubilation, ignite their passions, and motivate them to enjoy and live life to its highest potential. Every Sualseros member has the potential to reach their fullest capacity in dance expression and is open to teaching new members. Together we strive to unite and create successful performances!!!

2010 Spring Semester Goal(s)

- 1.** To create bonds with every member so that we will unite together as a team.
- 2.** To build the confidence of each member as a performer.
- 3.** To get more involved and to increase performances.
