JOSHO DAIKO

Josho means “ever-victorious,” and was given to us by the Founder in 2006.

This club was established as Taiko Group which consisted of a small group of girls in 2001.

At the time, they did not have drums or tires to practice on. With the assistance of an anonymous donor who provided the club with a complete set of taiko drums, Josho has grown to become one of the biggest clubs on campus. We have performed on numerous occasions both on and off campus, and we aim to foster our family-like atmosphere within the club, SUA, and local community.

Practice Time: Tuesday/Thursday 4:45-6:15pm

Place: Outside the gymnasium
