Soka University of America

Faculty Research and Scholarship

Prepared by the SUA Dean of Faculty Office, May 3, 2019

This guide contains a partial listing of scholarship of the SUA undergraduate faculty, as published in books, book chapters and peer-reviewed journal articles from the past five years (January 2014-May 2019). The guide gives an overview of the amazing depth and breadth of scholarship from our faculty at Soka University of America, which informs the teaching of our undergraduate students in our classrooms and in developing our advanced capstone projects. We are grateful to all of our faculty for helping us compile this guide, and we hope that it is helpful for gaining an overview of some of the amazing research happening at SUA.

The guide was developed by Bryan Penprase, Dean of Faculty, SUA, with help from Nimsy Garcia from the Dean's office. We are grateful to the help of the SUA library staff members Hiroko Tomono and Helen Alexander for collecting some of the citations, as well as from Associate Dean Michael Weiner for his work gathering recent publications from SUA faculty.

Any questions about the guide can be directed to Bryan Penprase at bpenprase@soka.edu

An online guide to SUA faculty research, created by the SUA library, is also available at <https://libguides.soka.edu/prof>.
